although they do not produce smoke, e-cigarettes produce a vapour that could provide an annoyance or health risk to others;

these products do not provide recognised health benefits while introducing negative consequences including undermining the enforcement of the Smoke Free Policy.

2.4.3 The use of e-cigarette chargers is prohibited throughout all University premises and vehicles.

2.5 Smoking Areas Outside Buildings:

Staff and students wishing to smoke are requested to do this away from doors, windows and access routes into the buildings. This is to prevent smoke entering the building through windows; to avoid the accumulation of litter at entrances and to enable people to enter and leave the building without passing through an area used for smoking. The University reviews the location of litter.
